INDEPENDENT AUDITOR'S REPORT

The Board of Directors of
Ecoban Securities Corporation:

We have audited the statement of financial condition of Ecoban Securities Corporation, a wholly-owned subsidiary of Ecoban Finance Limited LLC, as at December 31, 2007 and the related statements of operations, stockholder's equity and cash flows for the year then ended that you are filing pursuant to Rule 17a-5 under the Securities Exchange Act of 1934. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Ecoban Securities Corporation at December 31, 2007, and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as whole. The information contained on Pages 10 and 11 is presented for purposes of additional analysis and is not a required part of the basic financial statements, but are supplementary information required by Rule 17a-5 under the Securities Exchange Act of 1934. These schedules are the responsibility of the Company's management. Such schedules have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

ECOBAN SECURITIES CORPORATION
(A WHOLLY-OWNED SUBSIDIARY OF ECOBAN FINANCE LIMITED LLC)

NOTES TO FINANCIAL STATEMENTS
AS AT DECEMBER 31, 2007

ORGANIZATION:

Ecoban Securities Corporation (a wholly-owned subsidiary of Ecoban Finance Limited LLC), the "Company", is registered as a broker and dealer with the Securities and Exchange Commission under the Securities Exchange Act of 1934 and the Financial Industry Regulatory Authority. The Company operates primarily as the exclusive agent for its parent to sell debt securities owned by them. In addition, the Company may, from time to time, purchase and sell debt and equity securities for other purposes. All trading activity and transactions during the year were consummated for the benefit of its parent. The Company conducts operations exclusively in New York.

SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

BASIS OF ACCOUNTING – The accompanying financial statements are prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

CASH AND CASH EQUIVALENTS – Interest-bearing deposits with maturities at acquisition of 30 days or less are considered cash equivalents.

FEES AND COMMISSIONS – Fees are accrued as earned and commissions are earned and recorded on a trade-date basis.

ESTIMATES:

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

(Continued)

ECOBAN SECURITIES CORPORATION
(A WHOLLY-OWNED SUBSIDIARY OF ECOBAN FINANCE LIMITED LLC)

NOTES TO FINANCIAL STATEMENTS
AS AT DECEMBER 31, 2007

NET CAPITAL AND RESERVE REQUIREMENTS:

The Company is subject to the Uniform Net Capital Rule (Rule 15c3-1) under the Securities Exchange Act of 1934, which requires the maintenance of minimum net capital and requires that the ratio of aggregate indebtedness to net capital, both as defined, shall not exceed 15 to 1. At December 31, 2007, the Company had net capital of \$102,611 which was \$97,611 in excess of its required net capital of \$5,000. The Company's ratio of aggregate indebtedness to net capital was .1283 to 1.

RELATED PARTY TRANSACTIONS:

The Company charged fees and commissions to its parent based on the number of trades executed by the Company on its parents behalf and was charged by its parent for personnel, administrative services, and rent. Fees and commissions earned from the parent were \$45,000. Amounts charged by the parent for personnel and administrative services of \$16,572 have been expensed in the accompanying statement of operations. Rent expense of \$4,500 was charged by the parent, who holds the lease agreement for the shared space.

INCOME TAXES:

The Company accounts for income taxes in accordance with Statement of Financial Accounting Standards ("SFAS") No. 109, "Accounting for Income Taxes".

SFAS No. 109 requires that the Company record deferred income taxes to recognize the tax effects of temporary differences between the amount of assets and liabilities recognized for financial reporting purposes and such amounts recognized for tax purposes. At December 31, 2007, such temporary differences resulted from net operating loss carry forwards totaling approximately \$35,000 that may be offset against future income through 2025. However, no tax benefit has been recorded in the 2007 financial statements because the Company believes there is at least a 50% chance that the carryforward will expire unused. Accordingly, the approximate \$10,500 tax benefit of the carryforward loss has been offset by a valuation allowance of the same amount. As time passes, management will be able to better assess the amount of tax benefit it will realize from using the carryforward. The tax provision differs from the amount that would be obtained by applying federal rates to pretax income primarily because a \$30,000 valuation allowance provided for the deferred tax asset in prior years was eliminated due to the utilization of prior year loss carryforwards.

The provision for income taxes of \$335 for the year ended December 31, 2007 represents state and local taxes.

INFORMATION RELATING TO THE POSSESSION OR CONTROL REQUIREMENTS
FOR BROKERS AND DEALERS PURSUANT TO RULE 15c3-3 UNDER THE SECURITIES
EXCHANGE ACT OF 1934
AS AT DECEMBER 31, 2007**

The Company claims a (k) (2) (i) exemption of Rule 15(c)3-1 and is not permitted to hold customer securities nor is it required to compute reserve requirements. The Company is in compliance with the conditions of its exemption.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL
STRUCTURE REQUIRED BY SEC RULE 17a-5**

To The Board of Directors
Ecoban Securities Corporation:

In planning and performing our audit of the financial statements and supplementary information of Ecoban Securities Corporation (the Company) for the year ended December 31, 2007, in accordance with auditing standards generally accepted in the United States of America, we considered the Company's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control. Accordingly, we do not express an opinion on the effectiveness of the Company's internal control.

Also, as required by Rule 17a-5(g)(1) of the Securities and Exchange Commission (SEC), we have made a study of the practices and procedures followed by the Company including tests of such practices and procedures that we considered relevant to the objectives stated in Rule 17a-5(g) in making the periodic computations of aggregate indebtedness (or aggregate debits) and net capital under Rule 17a-3(a)(11) and for determining compliance with the exemptive provisions of Rule 15c3-3. Because the Company does not carry securities accounts for customers or perform custodial functions relating to customer securities, we did not review the practices and procedures followed by the Company in any of the following:

1. Making quarterly securities examinations, counts, verifications, and comparisons and recordation of differences required by rule 17a-13
2. Complying with the requirements for prompt payment for securities under Section 8 of Federal Reserve Regulation T of the Board of Governors of the Federal Reserve System
3. Obtaining and maintaining physical possession or control of all fully paid and excess margin securities of customer as required by Rule 15c3-3

The management of the Company is responsible for establishing and maintaining internal control and the practices and procedures referred to in the preceding paragraph. In fulfilling this responsibility, estimates and judgments by management are required to assess the expected benefits and related costs of controls and of the practices and procedures referred to in the preceding paragraph and to assess whether those practices and procedures can be expected to achieve the SEC's above-mentioned objectives. Two of the objectives of internal control and the practices and procedures are to provide management with reasonable but not absolute assurance that assets for which the Company has responsibility are safeguarded against loss from unauthorized use or disposition and that transactions are executed in accordance with management's authorization and recorded properly to permit the preparation of financial statements in conformity with accounting principles generally accepted in the United States of America. Rule 17a-5(g) lists additional objectives of the practices and procedures listed in the preceding paragraph.

Because of inherent limitations in any internal control or the practices and procedures referred to above, error or fraud may occur and not be detected. Also, projection of any evaluation of them to future periods is subject to the risk that they may become inadequate because of changes in conditions or that the effectiveness of their design and operation may deteriorate.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the entity's financial statements that is more than inconsequential will not be prevented or detected by the entity's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the entity's internal control.

Our consideration of internal control was for the limited purpose described in the first and second paragraphs and would not necessarily identify all deficiencies in internal control that might be material weaknesses. We did not identify any deficiencies in internal control and control activities for safeguarding securities that we consider to be material weaknesses, as defined above.

We understand that practices and procedures that accomplish the objectives referred to in the second paragraph of this report are considered by the SEC to be adequate for its purposes in accordance with the Securities Exchange Act of 1934 and related regulations, and that practices and procedures that do not accomplish such objectives in all material respects indicate a material inadequacy for such purposes. Based on this understanding and on our study, we believe that the Company's practices and procedures were adequate at December 31, 2007 to meet the SEC's objectives.

This report is intended solely for the information and use of management, the SEC, and other regulatory agencies that rely on Rule 17a-5(g) under the Securities Exchange Act of 1934 in their regulation of registered brokers and dealers, and is not intended to be and should not be used by anyone other than these specified parties.
